

Rolling Stones, Sing This All Together

(Jagger/Richards)

Why don't we sing this song all together
Open our heads let the pictures come
And if we close all our eyes together
Then we will see where we all come from
Pictures of us through the steamy haze
Picture of us painted in our place
Why don't we sing this song all together
Open our heads let the pictures come
And if we close all our eyes together
Then we will see where we all come from
Why don't we sing this song all together
Open our heads let the pictures come
And if we close all our eyes together
Then we will see where we all come from
Pictures of us beating on our drum
Never stopping til the rain has come
Why don't we sing this song all together
Open our heads let the pictures come
And if we close all our eyes together
Then we will see where we all come from
