

# Rollins Band, Stop Look & Listen

you got nothing

you got nothing to say

there's nothing in your head

but your mouth keeps flapping anyway

stop, stop, stop, stop  
you better

look and listen

you better  
stop, stop, stop, stop

look and listen

nothing on your mind

but your mouth keeps yapping  
time drags on and it feels like entrapment

day after day after day after day after day

you better  
stop, stop, stop, stop

look and listen

you better

stop, stop, stop, stop  
look and listen

you better listen man

oh yeah

oh, you got nothing  
you got nothing to say

nothing on your mind

but your mouth keeps flapping anyway

I know you know it's true

you better

stop, stop, stop, stop

look and listen

you better

stop, stop, stop, stop

look and listen

you better listen to me man
