

# Ronan Keating, All Over Again

[Ronan]

Turn down the light, turn up the radio.  
There's a fire in your eyes, and its keeping me warm  
Hold on to me like it was yesterday,  
When we both felt our spirits collide

[Kate]

I remember the moment, being struck down by lightning  
Since the first time I saw your face, and you smiled  
Come and lay down with me  
Fill the space that's between us  
Feel the magic that keeps love alive

This time, can be like the first time  
Close your eyes and soon you'll be there  
No man could ever guess what you're feeling  
Turn a spark to a flame,  
Make a wish, close your eyes, won't you start all over again.

[Chorus]

Just like the first time you touched my skin,  
All over again  
I tasted heaven take me there again,  
All over again

Your smile  
Your touch,  
Your taste,  
It turns me on and on and on,  
That I fall in love with you,  
All over again

[Kate]

Come and step through the stars,  
Take a ride though the universe.  
As long as we're here, lets take this whole thing in

[Ronan]

What I'm trying to say,  
Is that you are so beautiful  
Let me say it, all over again.

'Cos this time can be like the first time,  
Close your eyes, but you'll soon will be there  
No man could ever guess what he's feeling,  
Turn a spark to a flame,  
Make a wish, close your eyes, won't you start all over again.

[Repeat chorus]

Your smile,  
Your touch,  
Your taste,  
It turns me on and on and on.  
That I fall in love with you,  
I keep falling in love, with you.  
All over again

All over again  
All over again.
