

Ronan Keating, At The End Of A Perfect Day

Chorus 1x:

It's all in a perfect day,
Just a part of a perfect way
And as long as the world goes around,
I will pray as I lay me down
At the end of a perfect day

Verse 1:

I wake to greet another morning,
And feel the cold beneath my feet
I rise to hear my future calling,
It's calling to me

Verse 2:

I watch the people through my window,
Then turn the radio up loud
And then I sit and watch the sun go,
And I know, as the rain's coming down
That..

Chorus 1x

Verse 3:

Yeah everybody needs some high's and low's,
I guess we're lucky to be here
And I don't care which way the wind blows,
'Cause I know, through the laughter and the tears
That..

Chorus 2x

At the end of a perfect, at the end of a perfect, at the end of a perfect day

Oh yeah yeah..

You and I..

Ohh yeah..

Mmmm...
