

# Ronan Keating, If I Don't Tell You Now

Oooh...

I've kept it inside, for the longest time  
And I can't keep keeping it in  
All this love that's inside my heart  
Maybe it's safer not to say that I care  
Maybe this road won't lead me anywhere

[Chorus]

But if I don't tell you now (If I don't tell you now)  
I may never get the chance again (I may never get the chance again)  
To tell you that I need you, tell you what I'm feelin'  
If I keep these feelings in  
And if I don't say the words (If I don't say the words)  
How will you hear what's inside my heart?  
How will you know that, if I don't tell you now

I'd give anything to be in your dreams  
And I can't stand standing by  
With this dream that's inside my heart  
Maybe I'm only going to make a mistake  
And there's a chance maybe my heart will break

[Chorus]

How will you know you're inside my soul  
Oh it's driving me crazy  
'Cause you don't see (you don't see)  
You're the world to me  
I'm so afraid to say the way that I feel

[Chorus]

Ohhh..

If I don't tell you now
