

Ronan Keating, She Believes (In Me)

While she lays sleeping
I stay out late at night to play my songs
And sometimes all the nights can be so long
And it's good when I finally make it home, all alone
While she lays dreaming,
I touch her face across the silver light
I see her dreams that drift upto the sky
And she wakes up to my kiss and I say it`s alright
And I hold her tight.

Chorus

And she believes in me
I'll never know just what she sees in me,
I told her someday if she was my girl
I could change the world with my songs, but
I was wrong
But she has faith in me
And so I go on trying faithfully
Forever in my heart she will remain
And I hope and pray
I will find a way, find a way
While she lays waiting
I ask myself do I hurt her so
What called me on a long and this lonely road,
Why dont i turn around and head back home where I belong
While she lays crying
For she knows my heart is ripped in two
I`m torn between the things that I should do
She deserves it all and I'd give it if i could, god her love is true

Chorus

While she lays sleeping
While she lays sleeping for me.
