

# Ronan Keating, This Is It

This is it  
She's the one  
Should I've known it  
All along  
I'm gonna tell her  
How my heart feels tonight

Crossed my fingers  
And hope and pray  
That luck is with me  
All the way  
And that I'll say  
What I really feel inside

This is it  
She's the one  
Should I've known it  
All along  
I'm gonna tell her  
How my heart feels tonight

This is it  
She's the one  
I gotta tell her  
Before she's gone  
'Cause I wanna know  
How good it could've been

My hands are sweat  
My collar's tight  
I hope she thinks  
It'll all go right  
But it's useless  
'Cause I know her minds

She's my life  
Can get it wrong  
It's more important  
Than this song  
'Cause it's now or never  
That's the bottom line

'Cause this is it  
She's the one  
I should've known it  
All along  
I'm gonna tell her  
How my heart feels tonight

This is it  
She's the one  
I gotta tell her  
Before she's gone  
'Cause I wanna know  
How good it could've been

This is it

This is it yeah

Because she's the one  
I can't get it wrong

'Cause she's the one

This is it  
She's the one  
Should I've known it  
All along  
I'm gonna tell her  
How my heart feels tonight

This is it

It's for the chance  
Before she's gone  
This is it yeah  
This is it yeah

'Cause this is it yeah  
This is it yeah

I can't get it wrong  
Because she's the one  
She's the one  
Can't get it wrong  
She's the one  
Can't get it wrong yeah

This is it yeah  
This is it yeah

'Cause this is it yeah  
'Cause this is it yeah  
'Cause this is it yeah
