

Ronnie Milsap, Earthquake

Mmm, mmm-mmm-mmm
Now hit me! Ooh-yeah! Hooh!

Ooh-ee baby, don't you know you set my soul on fire
You're like a double scoop o' ice cream
Sittin' on top of a cherry pie
Ooh-ee baby, don't you know you make me lose control
Come on over to me mamma, let me feel your rock 'n' roll.

'Cause you know you got what it takes
To make my body shake - just like an earthquake
You shake my body down
Like an earthquake, you shake my body down.

Ooh-ee baby, I'm a twitchin' and a tremblin' inside
You've got me covered up in love
I'm buried in your landslide
Ooh-ee baby, I'm a livin' in a danger zone, yeah
I'm in a cold, cold sweat and my mouth is dry as a bone.

'Cause you know you've got what it takes
To make my body shake just like an earthquake, wooh
You shake my body down
I said an earthquake, you shake my body down.

Ooh, a hurricane ain't got nothin' on you, no
'Cause you blow me away, there's nothin' I can say or do
Except shake, shake (like an earthquake)
Shake, shake (like an earthquake)
I just shake, shake (like an earthquake)
Shake, shake (like an earthquake)
Harmonica comin' in, Oh Lord, wooh.

Oh, oh, oh, a hurricane ain't got nothin' on you
'Cause you blow me away, there's nothin' I can say or do
Except shake, shake (like an earthquake)
I just shake, shake (like an earthquake)
Shake, shake (like an earthquake),
Shake, shake (like an earthquake)
Shake, shake (earthquake), shake, shake (earthquake)
You got me shakin' and tremblin' (like an earthquake)
Oh Lord, shake, shake (like an earthquake)
Shake, shake (like an earthquake)
Oh, oh, You got me shakin' and tremblin' (like an earthquake)
Shake, shake (like an earthquake)
Oh, oh, you got me shakin' baby
I just shake, shake (like an earthquake)
Oh yeah, I just shake, shake (like an earthquake)
Oh, I just shake, shake (like an earthquake)
I just shake, shake (like an earthquake)
I just shake, shake (ahhhh)...
