

# Room 2012, No, you can't stay for coffee

Hey Baby were two weeks old today  
You're doing that typical guy thing on me already  
What did I do that made you think?  
I'd want more from you than this  
I just need to be led deliciously astray  
Don't wanna leave  
That quietly  
I wanna hold your body  
Next to me

Chorus:

When you get home at quarter to 3  
Alibi blown by smelly of me  
Not my problem, hit the street  
No, you can't stay for coffee  
So you get home at quarter to 3  
You get busted callin' here me  
Not my problem, time to leave  
No, you can't stay for coffee  
Commitments not a word I crave to hear  
So bring it on, tear it up and disappear  
Spare me the details of your life  
Save it for your wife  
For me it's simple, sugar-free and crystal clear  
Don't wanna leave  
That quietly  
I wanna hold your body next to me

Chorus

How come I come, you come, then like all men you outstay your welcome?

THANKYOUVERYMUCH

Hell no, you can't stay for coffee!

How come I come, you come, then like all men you outstay your welcome?

THANKYOUVERYMUCH

Hell no, you can't stay for coffee!

Hell no, you can't stay for coffee!

Hell no, you can't stay for coffee!

Hell no, you can't stay for coffee!

Hell no, you can't stay for coffee!

Chorus
