

# Rooney, All In Your Head

I told you before  
I'm not looking for someone to hold me  
Take your hand off my back  
the weight is making me heavy  
I don't like public affection  
it belongs in the bedroom  
Well I don't want to run around  
I got plans in the afternoon

What did you expect?  
Well I told you from the start  
That I'm not your boyfriend

All the hope  
All the pain  
All the tears you cried  
Every laugh  
Every kiss  
Every time I lied  
Well I'm not what you think or dreamed of  
It's all in your head

You need somebody nice  
someone with patience  
And a big fat wallet  
to pay for all your expenses whoa  
No compliment will ever  
make a dent in your eyes  
You're impossible to please even with surprises  
I could never say all the things you need to hear  
Well there aren't enough words that fit

Wake up you have to see  
You can't go on this way  
It's you who makes it hard  
It's not real it's all in your head
