

# Rooney, If It Were Up To Me

She doesn't have the answer yet  
The answer yet  
I'm breathing down her neck  
Maybe I should give her time  
If it were up to me  
She would know that  
She'll be the one  
When I'm dead  
Will use my bed  
And she'll spend her life  
Thinking of us and making a fuss

If it were up to me  
She would know that our love (our love)  
Is the best love (best love)  
If it were up to me  
Yes, our love (our love)  
Is real love  
So just let it be

I want you to know  
I've done our charts and it says  
That we work as one  
Like the Jackson Five  
And the Temptations

If it were up to me  
She would know that our love (our love)  
Is the best love (best love)  
If it were up to me  
Yes, our love (our love)  
Is real love  
So just let it be

Well, your mother likes my smile  
And your father likes my lifestyle  
Should I ask them what I asked you  
To get the answer?  
Yes, to get the answer?

It's easy (easy) (x3)  
Oh, it's easy (easy)

Your mother likes my smile  
And your father likes my lifestyle  
Should I ask them what I asked you  
To get the answer?  
Yes, to get the answer?

'Cause our love (our love)  
Is the best love (best love)  
If it were up to me  
Yes, our love (our love)  
Oh, it's real love  
So just let it be

It's easy (easy) (x2)  
Oh, it's easy
