

Rooney, Turn Away

Well, I get down only on certain days
From the littlest things they do
Well, I don't know whether I've done something wrong
Or said something wrong

Well, I try and act the same day by day
But I think my actions are
What's pissing you off everyday
So you

Turn away, turn yourselves away from me
(No more making up excuses)
When I need you (x2)

Well, I get down only on certain days
From the littlest things they do
Well, I don't know whether I've done something wrong
Or said something wrong

Well, I try and act the same day by day
But I think my actions are
What's pissing you off everyday
So you

Turn away, turn yourselves away from me
(No more making up excuses)
When I need you (x6)
