

# Rooney, Without Words

I broke another string today  
It happens every time I play  
Some would say the lyrics are all that matter  
Well, I disagree  
Oh, I disagree  
I broke another string today  
They're just so damn weak  
Like the songs I write

Some would say the lyrics are all that matter  
You need to learn (need to learn)  
That the music sounds better without words  
Yes, the music sounds better without words

Today I found something to write about  
A writing power  
La dee da dee  
We like to party  
We don't cause trouble  
We don't bother nobody

Some would say the lyrics are all that matter  
Well, I disagree  
Oh, I disagree

You need to learn (need to learn)  
That the music sounds better without words  
Yes, the music sounds better without words  
You need to learn (need to learn)  
Yes, you need to learn (need to learn)  
Need to learn  
Music sounds better without words  
Yes, the music sounds better without words
