

Rooster, Home

(Verse 1)

I like to live life in motion
No time for slowing down
No time to turn around
Im just a wave on this ocean
Moving fast until the day that I come crashing down
But I wont make a sound
Sometimes we all feel broken
And we need a place to hide

(Chorus)

I find my way home
Every road that takes me takes me home
To a place I know my time is mine alone
Home
I find my way home
Cause you know its good to get your feet back on the ground

(Verse 2)

I need to see new horizons
Watch the red eye setting fire to a thousand skies
Makes me feel alive
I spread my wings free fall diving
And I am constantly reminded that
Sometimes we all feel broken
And we need a place to hide

(Repeat chorus)

(Bridge)

Its time to save me from myself
Lock me up inside
Floating on a feeling I cant hide
I find my way home x 2

(Chorus)

I find my way home
Every road that takes me takes me home
To a place I know my time is mine alone
Home
I find my way home
Cause you know its good to put your feet down
