

Rooster, I Come Alive

She says this emptiness is medicine that breaks you down
She says she is my kind and in my mind I cant get out

I can turn I can twist
I can try to resist
But I cant live if you leave me like a dead man walking

I come alive
When were together
I come alive
I come alive
When Ive got you by my side
I come alive

You never stay too long
Its always wrong leaving me too soon
Its got me naked shaking cant you hear me calling out for you
In this direction I cant see that no protection sets me free

Bridge

Chorus

I know we can find a higher place
I can feel it every time you come around
