

Rory Gallagher, Railway And Gun

Keep your railway to the sun,
Just leave any time you choose,
Tell me what you hope to find,
I'll tell you what you've got to lose.
Throw away the map,
That way, you can't find your way back,
So before you leave,
You better find out where it's at.

What's inside your heart?
Tell me what's inside your mind,

woo-hoo

I wonder if I look,
I wonder what I'll find.

I've gotta tell you,
How come you can't see?
Everybody's saying,
She'll come right on back to me.

woo-hoo

Keep your railway and your gun,
Just leave any time you choose,
Tell me what you hope to find,
I'll tell you what you've got to lose.
