

# Rosa Linn, Never Be Mine

This world is spinning so fast  
But my world is spinning so slowly  
I'm holding onto the past  
I'm living deep in the lonely  
I let myself slip away  
I let the midnights control me

I don't know what else to do  
I'm writing this song to get over you

Every word keeps me up at night  
Every chord leaves me paralyzed  
Every melodies just reminding me  
i need you tonight

Tears are falling on the ebonies  
There's only silence where you meant to be  
Singing out of key's just reminding me  
I'm broken inside

What hurts even more  
Is ill always be yours  
But you'll never be mine

This world keeps spinning so fast  
My world is crumbling before me  
Still hear your voice in my head  
And i can't pretend to ignore it  
And I'd pay to make it all stop  
But I'd sell my soul to afford it

I don't know what else to do  
I'm writing this song to get over you

Every word keeps me up at night  
Every chord leaves me paralyzed  
Every melodies just reminding me  
i need you tonight  
Tears are falling on the ebonies  
There's only silence where you meant to be  
Singing out of key's just reminding me  
I'm broken inside  
What hurts even more  
Is ill always be yours  
But you'll never be mine

You'll never be mine  
You'll never be mine  
You'll never be mine

Every word keeps me up at night  
Every chord leaves me paralyzed  
Every melodies just reminding me  
i need you tonight  
Tears are falling on the ebonies  
There's only silence where you meant to be  
Singing out of key's just reminding me  
I'm broken inside  
What hurts even more  
Is ill always be yours  
But you'll never be mine
