

Rosanne Cash, I Wonder

I WONDER

(Leroy Preston)

Every time I'm near you
My heart jumps all about
My mind can't figure out what to do
Cause I've been disillusioned
Enough by love turned blue
Your love could be true ... but I wonder

Am I supposed to think
That your love will be true
And deny the part of me
That says you'd leave me too

Cause yesterday reminds me
That what I've lost is gone
Your love may linger on ... but I wonder
