Rosanne Cash, I Wonder

I WONDER

(Leroy Preston)

Every time I'm near you
My heart jumps all about
My mind can't figure out what to do
Cause I've been disillusioned
Enough by love turned blue
Your love could be true ... but I wonder

Am I supposed to think That your love will be true And deny the part of me That says you'd leave me too

Cause yesterday reminds me That what I've lost is gone Your love may linger on ... but I wonder
