

# Rose Funeral, Eternal Regret

I want you dead  
No longer breathing  
Suffering in blood  
Die! Feel my pain  
Choke on your words  
I have no remorse  
I want you dead  
No longer breathing  
Suffering in blood  
This is only the beginning feel this fucking pain  
Screaming from the knife inside you  
Your flesh becomes mine  
Haunting on my dreams no longer suffer on your words  
Covered in blood barley breathing severing your nerves  
You'll suffer in your coffin  
You'll suffer in death  
I want you dead  
No longer breathing  
Suffering in blood  
I have no remorse
