

# Rose Maddox, Read My Letter Once Again

Read my letter once again open your heart let me come in  
Don't hold back your foolish pride read my letter one more time

I'm always lonesome since you're gone I'm paying now for the wrong  
Each dream of you I call your name read my letter once again  
[ steel ]  
Read my letter once again...

How can my days be so blue ho can I go on missing you  
My lonely life is all in vain please read my letter once again
