

# Ross Copperman, Found you

Well I saw you there  
Just the other day  
You smiled at me  
In a secret way  
So I let you in  
And you captured me  
I'm your prisoner  
Thats what I wanna be  
When it feels like its love  
All the stars they lift you up  
Well Ill place you high above  
on top of the world  
I'm just glad that I found you  
Like a thief you came  
to steal my heart  
I'll surrender now  
Cause you broke my guard  
Such a pretty face  
It warms my soul  
And your sweet blue eyes  
they shine like gold  
When it feels like its love  
All the stars they lift you up  
Well Ill place you high above  
on top of the world  
And you know it must be right  
Cause its burning up inside  
I can feel it in your eyes  
I want you to know  
I'm just glad that I found you  
When it feels like its love  
All the stars they lift you up  
Well Ill place you high above  
on top of the world  
And you know it must be right  
Cause its burning up inside  
I can feel it in your eyes  
I want you to know  
When It feels like its love  
All the stars they lift you up  
Well I'll place you high above  
On top of the world  
I'm so glad that I found you  
I'm so glad that I found you  
I'm so glad that I found you
