

Ross Copperman, I don't wanna let you go

Waking up
Lost in a fog
You were the light that led me home.
Overcome
Thought I was strong
Thought I could make it on my own
I fooled myself
but believe me now
I don't wanna let you go
I'd be loss without you
I think you should know
Oooh I'm here and I don't wanna let you go
Lying here
Under the stars
I feel the beating of your heart
By your side
Thats where I will be
You can put your trust in me
I'll hold you tight
Just stay tonight
Cause I don't wanna let you go
I'd be loss without you
I think you should know
Oooh I'm here and I don't wanna let you go
I've been waiting for you
I built my world around you
Let me show you how
I don't wanna let you go
I'd be loss without you
I think you should know
I'm here
Cause I don't wanna let you go
I'd be loss without you
I think you should know
Oooh I'm here and I don't wanna to let you go
Cause I don't wanna let you go
