

# Rotting Christ, Visions Of A Blind Order

Visions Of A Blind Order

Rise up the strength on them

In the name of a fruitful land

In the name of a bright path

Trodden with ignorant steps

Warble out in my cradle' s edge

Rex grandis - adustrum - malum - ab erevum

Ac adcervio - malum - ab optimus

In the name of a future calm

In the name of a pure light

Marching with a bright shade

Conquering the entire range

Rex grandis - adustrum - malum - ab erevum

Ac adcervio - malum - ab optimus

He who graces himself a joy

Fell the grief he may destroy

An unending glorious lie

Harm the power and defile
