

# Rotting Christ, Wolfera The Chacal (Neoplasia)

In the messy forest  
Metabolism of the wolf  
Mirage of reality  
When the chacal came into view  
Mining of clear power  
Reach manhood in pure steel  
It's thundering & lightning  
Beast's eyes flashed with anger  
Wolfera the chacal  
Walk by starlight  
Wolfera the chacal  
(call it misanthropist)  
A dreamlike physical build  
Piggish habits  
The fetim race  
The newcomer  
A new generation  
A new breed  
The newly weds  
Neoplasia  
The tooth painted with hunter's blood  
Entracing the hunger's look  
Equivalent in the book of strength  
Eradicate the soul of the land
