

# Roxen, Fool

Since I'm alone  
I wanted to, I wanted to deny it  
But, baby, I been cryin' (cryin', cryin', cryin')  
It's so unknown  
To be without, to be without your lyin'  
But, baby, I been tryin'  
Ooh-ooh-ooh  
My head is a mess and I'm tryna forget you  
You pushed me away, but I know you regret  
Ooh-ooh-ooh  
You're callin' me up, say you wanna get back, but I'm through  
'Cause I know the truth  
Baby, I'm a fool  
For b-believin' you  
D-don't you think it's cruel  
To break my heart in two?  
As soon as I walk out the room  
You already love someone new  
Baby, I'm a fool  
For believin' you (you)  
Baby, I'm a fool  
For b-believin' you  
D-don't you think it's cruel  
You said it's just us two?  
But now I can smell her perfume  
You already love someone new  
Baby, I'm a fool  
For believin' you (you, you)  
Baby, I'm a (fool)  
Baby, I'm a (fool)  
Baby, I'm a fool  
For believin' you  
"A pretty boy"  
I thought it and I saw you gon' be trouble  
You popped the bubble  
Now I'm annoyed  
Been drivin' through a never-endin' tunnel  
You made me stumble  
Ooh-ooh-ooh  
My head is a mess and I'm tryna forget you  
You pushed me away, but I know you regret  
Ooh-ooh-ooh  
You're callin' me up, say you wanna get back, but I'm through  
'Cause I know the truth
