

# Roxette, Let Your Heart Dance With Me

It was so easy  
To fall in love  
It got so simple  
To fall in love  
You know what i did  
I got excited  
We were united  
And so delighted

It was so easy  
To laugh with you  
It was so simple  
To look at you  
You made it possible  
By being beautiful  
And so incredible  
And truly wonderful,

Dance with me  
Let your heart dance with me  
Dance with me  
Let your heart dance with me  
Let me see you smile

I might be living  
In my car  
I might be running  
Near and far  
When stars can't find me  
You know where i'll be  
Close to the mystery  
The love of you and me

Dance with me  
Let your heart dance with me  
Dance with me  
Let your heart dance with me  
Let me see you smile again  
Let me see you smile
