

Roxette, Shadow Of A Doubt

I heard your heart,
you held it close to me.
The wild embrace, the silent sea,
a whisper of imagery for Lovers Supreme.

But now
I'm lost in the crowd,
no shadow of a doubt
it's all over now,
no shadow of a doubt.

You changed the dream.
You changed the scenery,
the tender touch,
the urge to breathe,
there under a lovelit sun
what's lost could be found.

But now,
no trace of a sound,
no shadow of a doubt.
I'm faraway bound.
No shadow of a doubt.
