

# ROXOLANA, Girlzzzz

You dived into your life  
You found your heart so free and wild  
And they can laugh at you  
Be ashamed of you  
Even scared by you

She just wanna be loved by you and  
Cared by you  
So she can feel alive

Just wanna be loved by you  
And held by you  
And kiss all fears goodbye

Girls just wanna have fun  
Don't wanna cry  
Girls just wanna have fun  
all night all night  
Girls just wanna have fun  
Don't wanna cry, all night all night  
all night all night
