

# Roy Buchanan, The Messiah Will Come Again

[guitar intro]

just a smile, just a glance  
the prince of darkness  
he just walked past  
there's been a lot of evil  
there've been a lot of sayin'  
but this time I'm gonna tell it my way:

There was a town  
Strange, lonely little town, they called 'The World'  
a lovely, lovely little town  
'Till one day a stranger appeared  
And their hearts rejoiced, and the sad little town was happy again  
But there were some that doubted; they disbelieved, so they mocked him  
And the stranger, he went away  
Now the sad little town that was sad yesterday  
is a lot sadder today...

I walked in a lot of places that he never should have been  
But I know that the Messiah, he will come again
