

# Roy Drusky, Columbus Stockade Blues

Way down in Columbus G-e-o-r-g-i-a wanna be back in Tennessee  
Way down in Columbus Stockade all of my friends have turned their backs on me  
Go on and leave me if you wish to and never let me cross your mind  
In your heart you love another well leave me little darling I don't mind  
[ ac.guitar ]  
Last night as I lay sleeping I dreamed that you were in my arms  
Then I found I was mistaken I was peeping through the bars  
So go on and leave me if you wish to...  
Go on and leave me little darling I don't mind  
Why don't you leave me little darling I don't mind
