

Roy Drusky, Honey Come Back

Well honey I know I've said it too many times before and I said I'd never say it again
I guess I shouldn't say anything at all since you're supposed to belong to him
But I just can't let you go without tellin' you just how much I love you
So that is why I'm gonna say it one more time
Honey come back I just can't stand each lonely day's a little bit longer
Then last time I held you seems like a hundred years ago
Back to his arms and never know the joy of love that used to taste like
Honey come back where you belong to only me

Well I guess that's about all I've got to say
So I'm gonna pack my bags and I'm gonna walk
I know those bright lights're calling honey big fine cars and fancy talk
But if you ever want someone to just love you and some day you might
Just give me a call
You know where I'm am and here's what I'll say
Honey come back I just can't stand...
