

# Roy Drusky, I'm Gonna Get You Off My Mind

I'm gonna get you off my mind it may take longer than I've thought it would  
But I'm gonna get you off my mind  
Too many long night with nothing to do too many firelights all shining on you  
But when my heart settles down you're gonna find  
That I'm gonna get you off my mind  
I'm gonna get you off my mind it may take longer than I've thought it would  
But I'm gonna get you off my mind
