I love a little girl who lives across the way I go to see her nearly every day But when I get the money I'll take her far away so the town can't gather around her and sayric Second hand shoes...

They tease her about her clothes and things It's hard to believe some folks can be so mean But when I get the money I'll buy her the best I'll take rose you can have all the rest Second hand shoes... Second hand shoes...
