

Roy Drusky, Tis Sweet To Be Remembered

It's so sweet to be remembered on a bright or gloomy day
It's so sweet to be remembered by a dear one far away
Tis sweet to be remembered remembered remembered
Tis sweet to be remembered when you are far away

As I travel on this world just to soothe my roving mind
The messages I get from a dear one left behind
They were filled with sweetest words that's so touchely when I heard
Marry me and I'll forget these are some things that she said
It's so sweet to be remembered...
