

Roy Drusky, Too Much Of You

Too much of you still on my mind thinking about you almost all the time
Missing you since you left me behind I've got too much of you still on my mind

Without thinking I let you walk away that was a big mistake now I find
You're gone and now I know it's wrong this way
I've got too much of you still on my mind
Too much of you still on my mind...
I've got too much of you still on my mind
