

Roy Drusky, World Is Round

All the world is round always remember when it seems you've reached the end
It might just be you've found the beginning something better than what has been

Once upon a time I was in your shoes my woman had let me down
I thought I was standing at the end of the world
But I learned that the world is round
All the world is round...

[strings]

Yes I know how you feel I know what you've hurt
Your teardrops are tapping the ground
You think that you're standing at the end of the world
But you learned that the world is round
All the world is round...
All the world is round...
