

# Roy Orbison, Hung Up On You

(Roy Orbison/Joe Melson)

Hooked on the touch of your hand  
High on how you understand  
Loved when you whispered hello  
Something in your eyes said don't go  
I just had to stay  
Couldn't go away from you  
You knew what to do to get me

Hung up on you, hung up on you  
Hung up on you, hung up on you  
Hung up on you, hung up on you  
Hung up on you, hung up on you

Yeah, you know how to get your hold on me  
So carry on, I won't leave you lonely  
Come go with me, you got me  
Hung up on you, hung up on you

You knew the first time we met  
That I could never forget  
You held me so close to you  
I could never get over you  
You were so aware how to make me care, and keep me

Yeah, you got me where you wanted me  
I am where I really want to be  
Hung up, hung up, hung up on you

I'm still hung up on you and I don't know what I would do without you  
For it will take me forever to get enough of you and I can't help it if I'm

Hung up on you, hung up on you  
Hung up on you baby, hung up on you  
[repeat & fade]
