

# Roy Orbison, I'm In A Blue, Blue Mood

I'm in a blue blue mood  
Now that you're gone away  
I'm in a blue blue mood  
It's been a lonesome day  
I'm in a blue blue mood  
I see you everywhere  
I reach out to hold you  
But you're not there  
It's just my blue blue mood.

Maybe, someday, yeah love will come  
And stay, and things will turn  
Out right, oh oh oh but for tonight  
I'm in a blue blue mood.

I'm in a blue blue mood  
I'm in a blue blue mood  
I'm in a blue blue mood.
