

Roy Orbison, It Wasn't Very Long Ago

It wasn't very long ago.
I met you, I saw you.
It wasn't very long ago.
You whispered "I love you";

Look at us now.
Crying our hearts out through the night.
Trying to remember what love was like, although...

It wasn't very long ago.
I thrilled when I kissed you.
It wasn't very long ago.
I cried when I missed you

Look at us now.
Crying at hearts out through the night.
Trying to remember what love was like
Although It wasn't very long ago.

Look look my eyes aren't shining with love
And they won't.
Look I'm not crying cause I need you,
I'm crying cause I don't, oh

It wasn't very long ago.
I held you, so closely.
It wasn't very long ago.
I dreamed of, you mostly

Look us now.
Crying at hearts out through the night.
Trying to remember what love was like.
Although it wasn't very long ago.

It wasn't very long ago.
It wasn't very long ago.
Not so very long ago..
