

# Roy Orbison, Love Star

Love Star ,oh star of love have you forgotten me?  
I'm so lonely for someone to love  
Love Star ,so high above look down so you may see  
Someone for me like I'm dreaming of

You see because my heart is shy  
Somehow love has passed me by  
And noone knows how much I cry  
When I'm all alone for a love of my own

Love Star ,they say for every heart a love star shines  
So please ,please shine for mine and let me find my love.

You see because my heart is shy  
Somehow love has passed me by  
and noone knows how much I cry  
When I'm all alone for a love of my own

Love Star,they say for every heart a love star shines  
So please,please shine for mine and let me find my love
