

Roy Orbison, Maybe

Written by Orbison/Dees.

Crazy heart your baby's gone, don't you know?.

Empty arms give up, give up, come on let go.

And maybe I will be alright.

And maybe I'll get through tonight.

Then maybe I will see you tomorrow.

Misty eyes don't see that face in every tear.

Longing lips don't speak that name, there's no one here.

And maybe I will see the dawn.

And maybe i'll get by alone.

Then maybe I will lose my sorrow.

In a hundred years trough a million tears,

Maybe,maybe.

Maybe I'll be loving you.

And maybe when my life is through

Then maybe i'll get over you.

Maybe,maybe,maybe.
