## Roy Orbison, Maybe

Written by Orbison/Dees. Crazy heart your baby's gone, don't you know?. Empty arms give up, give up, come on let go. And maybe I will be alright. And maybe I'll get through tonight. Then maybe I will see you tomorrow. Misty eyes don't see that face in every tear. Longing lips don't speak that name, there's no one here. And maybe I will see the dawn. And maybe i'll get by alone. Then maybe I will lose my sorrow. In a hundred years trough a million tears, Maybe, maybe. Maybe I'll be loving you. And maybe when my life is through Then maybe i'll get over you. Maybe, maybe, maybe.
