Royal Bliss, Save Me

You don't know me, no you don't know a thing about love or life in between I'm screaming through your door

leave me tonight

how could you mean that she said

Oh I turn my back, my eyes full red

I don't believe that she said, youre out of your mind

I don't know why, all I need is someone to save me, I believe

I don't know why, all i need is someone to save me, I believe,

I don't know why

You turn on me, and left me alone with my fate

I know id leave myself inside

I can't stop that fight

How could you mean that she said, oh you turn my eyes so full of red

I don't believe that she said, youre out of your mind

Yeah

I don't know why all I need is someone to save me

I believe I don't know why all I need is someone to save me

What about those times you left me alone in the bed, well I didn't mean it

all of those nights you swore that youd call when you didn't

well I didn't mean it

all of those times you tore me down and said, well I didn't mean it,

what about the times you told me you wish you were dead

I did mean it

why all I need is someone to save me I believe

I don't know why all I need is someone to save me, I believe and I don't know why

I don't know why

why
