

# Royal Crown Revue, Beware

Honey, sugar - you better beware

Willing to betcha

Mmm, I'm gonna getcha&lt;br&gt;I got my eyes on you - you better beware

Baby, baby - you're looking so fine

You're my desire

Mmm, my heart's on fire

I got my eyes on you - you better beware

No use ignoring my come hither glance

One of these days you're gonna stumble and fall,

And I'll get my chance, because

Honey, sugar - when I look at you

I get that feeling

Mmm, my head goes reeling

I got my eyes on you - you better beware
