

Royal Hunt, Out of Reach

On the road of disillusion, in the land of broken dreams
From the city of confusions, scared to death I'm running-or
so it seems

In the sun my heart is freezing, mind is boiling in the shade
And a mean mirage is teasing 'cross the endless
desert, that's due to fade out
by now, but still around. Makes me wonder why we're here
on this unholy ground

I feel you're near, I hear your call, I see your shadow on
the wall

I know you're here day after day, but everytime-one step away
Divided only in our mind, why can't we see another's side?
Out of my fear I'll build the bridge - you are so close but
out of reach

I can't tell you where I'm going, I can't tell you where
I've been

I just run without knowing what I did, you know what, just
what I mean?

I gave up on understanding, I let go the foolish pride
Won't expect a happy ending-not this time, I know it-but
it's alright

'coz me and you're the same - even 1000 years apart
I got someone to blame

We were looking at each other while the ones we'll never
see,
only feel, have slowly passed you...and me.
