

Royworld, Man In The Machine

Do you, is there something wrong
You're here, but you're already gone
And i know, it's another world
And you shout, only to be heard

You're saying I'm just so cynical
(I didn't know anything)
Talking down a wire
(There's no one on the other end)
Am I still a man or am I part of the machinery?

All these things I see in my mind
All these things I feel in my heart
But we're too far gone to leave to rewind
The soul still plays on and on in my car

And do you
Do you recognise, where is the man that you left behind
You're so tired of these boring conversations
You and I, well we kill communication

But am I in control or am I standing in the dark?
I hear you calling out but I don't know who you are

You're saying I'm just so cynical
(I didn't know anything)
Talking down a wire
(There's no one on the other end)
Am I still a man or am I part of the machinery?

You're saying I'm just so cynical
(I didn't know anything)
Talking down a wire
(There's no one on the other end)
Am I still a man or am I part of the machinery?

All these things I see in my mind
All these things I feel in my heart
But we're too far gone to leave to rewind
The soul still plays on and on in my car

The soul still plays on and on (x5)
