

# Rubberman, Bliss

Hey little sister  
You know what time it was  
Come on baby don't be shy  
Sweetheart talk to us

Hey little baby  
Tell me where your at  
Everybody want the claw  
No one want the scratch

Hit  
Miss  
Love  
Love, my love is like bliss

Hey little baby  
Who's your daddy now  
Come on baby don't be shy  
Make this daddy proud  
Cum little honey  
World's left to explore  
Be my sugar mama  
And I'll be your fucking whore

Pain baby  
Or is it for shame baby  
Lying with your head weighed down  
Up  
On the ground by me  
Pain baby  
Or is it for shame honey  
Lying with your head weighed down  
Up  
On the ground by me

Hey little baby  
Crawling on all fours  
Be that little lady  
I've expected so much more

Come little honey  
Start that talking back  
Everybody want the claw  
You just want the scratch
