

Ruben Studdard, What If

Umm, Umm, Umm, Ummmmm
hmmmm...
It's the smarter thing
(Ohhh ewww... Oh whoa... Ohhh....)

Aww Baby What If
(What if, What If, What If)
Yeah, Yeah, Girl
(What If, What If, What If)

Spend the day at the spa
(Anything you want)
Different day different car
(Anything you want)
Max out my card if you wanna,
whatever girl it ain't no problem, nooo.
Take a trip on a yacht
(Anywhere you want)
Leave them bags we gonna shop
(Anywhere you want)
Girl you know I'll do whatever it takes,
you know I love you like I used to love cake.

Would you be cool if things changed?
If I didn't roll the Benz,
and you didn't push the range.
I know what we got it's gon last, babe!
(Don't be mad)
But I still gotta ask

(Chorus)
What if I was broke,
What if I was slim,
What if I couldn't sing and I didn't win?
What if I had to catch the bus,
I'll still stay with my momma so there ain't no making love.
Baby, what if I had to use the pay phone,
just to get my game on,
would you still wanna put it on me?
What If, What If, What If
(Aww Baby What If)
What If, What If, What If...

Take the keys to my crib
(Anytime you want)
Just come over take a dip
(Anytime you want)
How much you need girl Imma front you,
there ain't no limit to what I'll do, nooo.
Imma break you off
(Uhhh...)
With the ghetto love
(Anytime you want)
Take your time it ain't no rush
(Anytime you want)
I'm not trying to do nothing to mess it up,
but if I do I'll spend four millions to make it up.

Would you be cool if things changed?
If I didn't roll the Benz,
and you didn't push the range.
I know what we got it's gon last, babe!
(Don't be mad)
But I gotta ask you

(Chorus)

What if I was broke,
What if I was slim,
What if I couldn't sing and I didn't win?
What if I had to catch the bus,
I'll still stay with my momma so there ain't no making love.
Baby, what if I had to use the pay phone,
just to get my game on,
would you still wanna put it on me?
What If, What If, What If
(Aww Baby What If)
What If, What If, What If...

(Hook)

Baby, I would give up everything
(I don't care about none of this)
My life don't mean a thing
(Not unless your a part of it)
Girl I know for sure,
that your the only one I need...
Tell me how would your life be,
would you still be my baby?!

(Chorus)

(music fading)

Tell me yea, yeah....
ohhh, ewww....
Ohhhh....
(What If, What If, What If)
What If, What If, What If...
