

# Rude Buddha, Lesbian Song

When you go to bed at night  
who are you thinking of  
when you turn out your lights  
are you thinking of me, yeah?

Cause I'm sitting all alone  
with my record collection just waiting  
touching myself in all the right places  
just waiting tonight

(chorus)  
I'm gonna see who I want to  
I'm gonna to be who I want to  
my new girls a lesbian  
what does she want from me?

you backed out on Saturday night  
who were you thinking of?  
I hope that I'm right  
and your thinking of me, yeah

Cause I'm sitting all alone  
with my record collection just waiting  
touching myself in all the right places  
just waiting tonight

(chorus)

Your killing me, Your killing me,  
Your killing me with your lies (repeat)

You've got to run away  
I know but don't say sorry  
don't say sorry (repeat)

What do you want from me?

(Chorus)
